R. KEITH McNAY

ARTIST BIOGRAPHY AND STATEMENT

Painting workshop.

Painting in studio.

Having been brought up in an artistic environment, it seemed natural for Keith to have a passion for art and a strong desire to create art. Keith McNay studied fine art and graphic arts and received his B.S. in Graphic Design/Business. He continues to grow as an artist and keeps his art fresh by attending classes and workshops at Glassell, Museum of Fine Arts, Houston. Keith has always had an appreciation for good art, and his goal is to combine beautiful colors and great composition to create a "look" that the painting was created spontaneously. Keith's paintings are described by other artists and patrons as "Paintings with Soul".

Keith has had his art studio established for more than twenty years. His paintings have been sold to collectors across the United States and Mexico. McNay originals are sold through three Texas galleries. Keith also accepts commissions from clients who have special size and color requirements for homes, corporate buildings or churches. A group of six McNay original paintings are beautifully displayed in the Houston Halliburton Corporate Board Room.

Keith enjoys painting, and the complete creative process is an important part of his life. There are strong design elements throughout Keith's paintings. His paintings become a part of him and he enjoys sharing them with others.

Keith's art work may be viewed on his website at www.mcnayart.com.
